Very first draft of auditor rules. They are based on the valid values and some basic queries for lat/long and orphan results. They are attached for your reference. Once I get a blessing, I'll get it to ERT to implement. I'd love to see some real data to test them against.

Thanks
Melissa

2 hrs of Aspect. Thanks Eric. You are a gem and they hate me now...

You guys will be managing RERT's data, put that in your plan. They will give you hard copy sampling sheets.

Build into your plan that you will report data in accordance with Interagency DMP...

M

Subject: Data Team Call

Alex, Marty, Eric, Matt, let us know when you want to have the call - I understand you guys got sucked into other meetings.

Melissa is finishing up the Data Auditor verification queries based on the latest DED

I am writing the START DMP right now

Please let us know if we should be doing something different to support you guys,

Thanks,

9470800
